FuNation Computer Lessons!

FuNation offers computer lessons. This is a beginner's tutorial that combines technology, animated characters, original stories and fun music to inspire a love of learning in the littlest e-learners. An instructor guides the children through more than forty topics such as numbers, letters, rhymes, self, time, music and colors. This will all be introduced in a fun and creative manner that will intrigue the children.

Enroll Today! Only $52 a month!

To enroll your child, please fill in and return with your first month's tuition!
Please print neatly and clearly!
