

Cultivate the musical adventure in your child

about PMA

Because up to 90% of your child's brain is developed by the time they are 5 years old, Preschool Music Adventures provides the perfect opportunity for your child to experience stimulating auditory, language, visual, and motor activities which encourage your child's brain development. We believe music sparks excitement and adventure in children, creating an optimal environment for learning and promoting success in their musical experiences.

classes include :

- Instrument Playing
- Singing Games
- Rhythm Patterns
- Tonal Patterns
- Instrument Recognition by Sight & Sound
- Movement Games
- Dramatizations
- Musical Concepts
- Improvising

classes promote:

- Language Development
- Auditory Discrimination Skills
- Spatial Reasoning Skills
- Gross and Fine Motor Skills
- Social Skills
- Creativity
- Lots of SMILES!

a passion for teaching

Jenny Lotz is the founder of Preschool Music Adventures. She taught in Davie County public schools, and has been teaching pre-school music for 16 years. With Bachelor's degrees in Elementary Education and Music, Jenny's passions are **children** and sharing the value that **music** provides to a child - intellectually, socially, emotionally, physically, and spiritually.

PreschoolMusicAdventures.com

The Preschool Music Adventures program is taught at preschools & childcare centers in Forsyth, Davie, Davidson, Iredell, and Mecklenburg Counties and surrounding areas.
