

Linking to September

Beginner 1, Ms. Stephanie

As summer ends, we say goodbye to some of our friends who will graduate to the other side & we welcome in a few new friends from Toddlers. This next month we will be taking things slow so we can all adjust to a slightly different schedule and help the new children learn the ins & outs of the class. I'm very excited for all the learning & exploration that we will be doing this year! One very fun activity we will be doing this month is creating a rocket ship out of boxes and blasting off to space with our book Zoomer!

September Books

- Goodnight Gorilla
- Little Cloud
- Zoomer
- Corduroy

Feel free to bring in things from home that could help in creating our rocket ship. Some examples are: boxes (tissue, shoe, etc...) toilet & paper towel rolls,
