

Linking to September

Pre-K One: Miss Lizz Miss Jeana

Miss Lizz is very excited to start the new school year with everyone in Pre-K One! To kick off the month of September we are diving into "All About Me". We will also be introducing great ways to make new friends and share something special about our own families. I am very eager to get know everyone. One of the activities we are going to do is a Family portrait. All the children are going to be given a variety of tools to create a picture of their family; this will help us get to know your child. We also are looking forward to a nature walk to see the change of the season. Autumn is beautiful time of year and I would love for the children to see the change of the leaves. My favorite activity for this month will be the time capsule. We will take a picture and answer questions for our time capsule. We will open them on the last day of Pre-K1. (Days will vary for each child) This will be a very exciting month!
