

KINDERGARTEN KICK-OFF 2016

Give them the confidence they need!

Dear Pre-K Parents

Summer is almost here! Our teachers are planning for a fun-filled summer with daily lessons to prepare your Pre-K student with all the skills necessary for Kindergarten. Students will gain the basic tools and confidence to start Kindergarten off on the right foot!

Kindergarten Kick-off™ teachers are warm, nurturing and highly attentive to each student's emotional, and academic needs. They will introduce your child to the joy of learning and discovering in a kindergarten classroom.

As experts in the area of early childhood education and development, we prepare children for the opportunities they will face in their academic future.

Your child will experience listening to fascinating new stories, interacting with new learning materials, communicating in a group setting, exploring numbers and patterns, manipulating letters and sounds, and participating in structured outdoor play. Through these experiences, your child will gain comfort and skills needed to be successful as he or she starts elementary school.

Kindergarten Kick-Off Skills List:

- **Pre-Reading Skills**
- **Advanced Reading Skills**
- **Pre-Math Skills**
- **Advanced Math Skills**
- **Social Skills**

Their academic future begins now...

"Kindergarten Kickoff" begins Monday, June 1st. You may choose 1 to 10 weeks. The monthly Pre-K tuition will be prorated depending on the schedule you choose.
