## Tadpoles/ Links 2 Home

Links 2 Home is powered by Tadpoles, the leader in pre-school communications, but is tailored specifically to tie with our Links to Learning curriculum. Links 2 Home has a mobile app that you can download to get started. The app gives you the ability to easily view photos, notes and daily reports from teachers, as well as the ability to easily notify us of special drop-off information or absences.

Download Links 2 Home at the App Store or Google Play Store and create an account using the email address that is on file with our school. Both parents are able to create accounts.

Feel free to contact me with any questions or feedback as we strive to continuously improve our communications with you, our valued families.
