Campers engage in peer-to-peer learning weekly, fostering confident and knowledgeable social-emotional leaders. They develop a leadership mindset through activities focused on team building, collaboration, self-advocacy, and mindfulness.

STEAM Skill Development

Campers master essential STEAM skills, including engineering and math, through project-based learning. With a focus on these crucial 21st-century skills, our campers extend their learning throughout the summer, immersing themselves in exploration and discovery.

Service Learning

A cornerstone of the Extreme Camp program is our focus on service-learning projects. Giving back to our local communities and fostering a greater understanding of relating to others strengthens our campers' connection to the community and encourages them to be active, solution-focused citizens.

Camp Role Models

Our oldest campers spend time daily as active role models for their camp community. Whether they are helping run the camp recycling program or creating the camp newsletter, these young leaders are modeling positive interactions, empathy, and high motivation for achieving goals for the entire camp community.
