

# Music to Your Ears

by Kids in Action

## THE PROGRAM

- Available for **Infants, Toddlers, Beginners**
- **Weekly ½ hour classes**
- Taught by Terri Love Jackson. Most recently owned and taught (music and play classes) at Gymboree Play and Music of Ardmore and King of Prussia.
- **World Music**-music styles from around the world are explored.
- We play rhythm sticks, bells, maracas, drums and other instruments to the sounds of **African, Caribbean, European, R and B, Queen, The Beatles, Classical** music and more.
- We listen and we “sing”. Dancing and moving are our specialty, no matter how little we are!
- Parachute Time including bubbles, ends each class.

## THE STUFF WE LOVE

- Focus is on **short rhythm** and **melody patterns** in songs that your child can remember and will soon be able to express!
- Making music together creates emotional connections (parent to child & peer to peer).
- Songs build memory, language development and support imagination.
- Moving to music builds coordination, timing and self expression
- All children derive pleasure from music. Music affects everyone!
