A Word from the Office

Spring has (hopefully) sprung! Thank you to all of our families who participated in our One Fish, Two Fish, Red Fish, Review Fish Contest during the month of March. It was so great to hear all of the amazing things our parents had to say about our school and teachers. We are looking forward to the season changing throughout the month of April and look forward to all the month will bring us.

During this month, we will not only learn about Earth Day and how to take care of our planet, but we will also celebrate our early learners here at CBA. During our Week of the Young Child (starting April 16), we will celebrate all of our students, their families, and all the joy that Early Childhood Education brings us as a school. We will also have a Spirit Week during this week and will finish the week with one of our favorite events, our Week of the Young Child Family BBQ on Friday, April 20th, at 4 pm.

Leading up to our Earth Day celebration on April 23rd, our students will learn about what it means to go green and take care of the Earth by planting flowers, releasing ladybugs and butterflies, building STEAM projects using recycled materials, and participating in a playground and neighborhood cleanup.

We hope that everyone enjoys the exciting and busy month we have planned here at Chesterbrook Academy at Great Falls Plaza.

Please see us with any questions you may have.

Kindly,

Kirstin
