# Summer Camp 2018

# Welcome

## About our Camp

Each week, children ages 5-12 jump into action, participating in exciting sports programs, exploring nature, becoming involved in performing and creative arts, playing a part in group activities, and attending special events.

Our campers expand their horizons, embark on new adventures, and most importantly have fun. Our exceptional program and dedicated staff create an environment that forges lifelong friendships among our campers. We create a summer experience that is unforgettable!

Our camp features a unique selection of indoor and outdoor activities and field trips that take advantage of resources in the local area.

Our specialty camps are optional programs, operating during regular camp hours, which provide even more choices for unique and exciting adventures.

## Special Features

- Quality staff
- Flexible, extended hours
- Field trips, special events
- Air conditioned facility/bus
- Lunch program
- Family activities

Academy**<sup>®</sup>

A Nobel Learning Community

# Activity Blocks

## Invention Convention

Calling all inventors! We know our campers have big ideas and we want to see them in action. Invention Convention will focus on brainstorming, designing and sharing invention ideas.

## Digital Vision

Campers explore the tools necessary to capture great images and videos, and refine them through digital imaging.

## Minute to Win It

Campers will get a thrill from working together to complete fun, and sometimes silly, tasks all before time runs out on the clock. Ready, set, go!

## Express Yourself

Let your hidden talents shine! Campers develop creativity and confidence through singing, dancing, acting and more.

## Rise Up

Dream it. Build it. Wreck it. Repeat! Campers build elaborate objects, structures and vehicles, while exploring fundamental principles of engineering and physics.

## Domino Tricks

The game of dominoes is fun, but we have a little twist in store for our campers. We are challenging campers to come up with their best domino toppling tricks.

## Recycled Beautifully

Our campers will see how one person's trash can be another person's treasure by turning recycled materials into beautiful and useful items.

## STEAM Academy

Challenging and fun projects encourage collaboration, decision making, and innovation. Students work together to solve problems, while developing a love of science, technology, engineering, art, and math.

## Leave a Legacy

Campers learn about how they can be heroes in their communities, and find creative ways to give back to those in need.

## Game Changer

We hope our campers are ready for some good old fashioned fun. They'll have a blast building their skills in a variety of indoor and outdoor games.

## Food for Thought

Campers learn kitchen fundamentals and culinary techniques as they slip on their aprons and create yummy snacks. They'll be a master chef in no time!

## Master Maker

From painting, to sculpting, to drawing and more, campers are empowered to express their inner artist and let their imaginations soar.
