

## WEATHER POLICY

We may close early if the Federal Government closes. We may close, not open, or open late when county schools close due to snow or extremely hazardous weather conditions such as freezing rain. We will communicate by email and update our website if this occurs.

If the weather is hazardous in the morning, be sure to call the School before you leave home to be absolutely certain that the staff has arrived at the School safely. A telephone busy signal does not indicate that someone is at the School.

If during the course of the day, roads are expected to become extremely hazardous, or if county schools close early due to weather conditions, the School may close early. We will communicate by email, and update our website if this should occur.

**Weather Alerts** – For weather related closures, you can:

- Visit our website at <https://www.chesterbrookacademy.com/preschools/md/olney/>
- Check your email and cellphones for direct updates.
- We DO NOT follow the MCPS nor the federal government.
- Call the school – *Note:* a busy tone does not mean we are in the building.
- Please make sure there is a staff present in the building before entering. The alarm is set and will go off if is not disarmed.

We expect a certain number of cancellations, such as snow days or county teacher days off each year when we set the tuition. There are no refunds of weekly tuition payments unless the number of cancellations exceeds what is expected.

Sincerely,

Chesterbrook Academy
