The Week of the Young Child™ is an annual celebration sponsored by the National Association for the Education of Young Children (NAEYC) celebrating early learning, young children, their teachers and families. We have planned an exciting week here at Chesterbrook Academy!

Music Monday: April 8th

Sing, dance, celebrate, and learn! Through music, children develop math, language, and literacy skills - All while having fun and being active! This year's artist spotlight is Ella Jenkins.

Tasty Tuesday: April 9th

Tasty Tuesday isn't just about eating your favorite snacks together. It's also about cooking together and connecting math with literacy skills and science while introducing ways to incorporate healthy habits into children's lifestyles.

Work Together: Wednesday April 10th

When children build together they experience teamwork and develop their social and early literacy skills. Grab some materials and create!

Artsy Thursday: April 11th

Children develop creativity, social skills, and fine muscles with open-ended art projects that let them make choices, use their imaginations, and create with their hands. Introduce children to famous artist and have them create a replica or their own art.

Parents and families are children's first teachers. Family Friday focuses on engaging families to support our youngest learners. Create classroom or school-wide event to participate in an activity with their child.
