ANCILLARY ACTIVITY SIGN-UP

To supplement our Links to Learning curriculum, Chesterbrook Academy at Drexel University offers a variety of optional ancillary activities that your child can participate in throughout the school year. These programs are taught by outside instructors who specialize in the activity at hand, and are a great opportunity to allow your child to explore his/her interests without the hassle of having to drive to other locations after a long day of work. Ancillary activities do not require a commitment, so you can join in or opt out at any time.

COST: For the 2019-2020 school year, classes are \$17.00 per week, which will be billed and auto-deducted with your child's weekly tuition.

Please select the activities that you would like your child to participate in:
