Fun Activities for the Kids to Do at Home

• Pine Cone Turkey

- Materials Needed: clay (small amount for each child), one pinecone for each child, colored paper and scissors, googly eyes, glue
- Press the pinecone into the small ball of clay as a stand.
- The children cut pieces of paper and glue them all over the pinecone to make feathers.
- The children glue googly eyes and a red piece of paper for a wattle on the top for the face.

• Home Made Butter

- Large glass jar, heavy whipping cream, salt
- Pour whipping cream into the jar, a bit less than half full.
- Sprinkle in some salt.
- Cover jar and have the children shake continually (they can help make one jar together or you may be shaking 16 jars yourself!). After about 5 minutes of shaking, the water will separate from the cream and the cream will become more solid.
- Pour our the liquid and continue shaking.
- This would be great on your home made bread!

• Poppies for Veteran's Day

- Take three 7" circles cut out of red tissue paper and fold them like a fan. Twist a green pipe cleaner around the middle. Open layers to resemble a poppy. Do a search on the internet to discover why the poppy is symbol for Veteran's Day.
