A Happy Heart is a Thankful Heart

November is one of our favorite months of the year! The temperature is finally where it should be, cold in the morning and beautiful during the day. The fall colors are in full swing and the holidays that are focused on family and gratitude and caring are upon us!

In an effort to stay connected with our families and partner together on your child's progress and education, we will be holding zoom conferences this month. This will be an opportunity for you to meet with your child's teacher and discuss any questions or feedback you have regarding your child(ren). Keep an eye on your Links 2 Home app and email for further details and dates!

This month our focus is on gratitude and connecting with others. Although, we will stray from tradition this year in celebrating exclusively in our classrooms and without family visitors, we look forward to sharing the fun with you through photos in our Links 2 Home app. We have many special activities planned for our students and are looking forward to another great month.

As always, thank you for your continued support of our school, especially during this time. Please let us know if you have any questions or feedback, we are happy to help!
