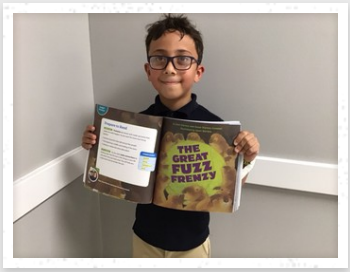
Second Grade Newsletter

WEEK 7: OCTOBER 3RD-7TH

WEEK IN REVIEW

READING / ELA



This week in Reading /ELA our story of the week was "The Great Fuzz Frenzy". We worked on recognizing and reciting basic sight vocabulary. We also worked on identifying patterns in words. The students used descriptive words to describe the setting of a story. In small groups students worked on finding the setting using their leveled readers.

Next Week: We will continue to recognize, recite, and write basic sight vocabulary. The students will recognize sound-letter relationships and use them to decode words. They will discuss informational text using the vocabulary words central idea and topic.

MATH

This week in Math we worked on breaking apart addends and combining them in different ways to make numbers that are easy to add mentally. The students chose a strategy to help them add two-digit numbers. They used drawings and equations to solve one-step and two-step problems. The students used pictures, numbers, and words to explain why their thinking and work are correct.

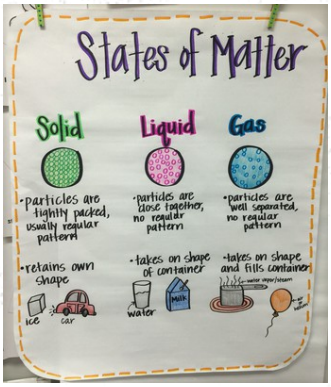
The students also worked on their Haunted Arrays project!

Next Week: The students will use models to add 2-digit numbers and then explain their work and they will add 2-digit numbers using models.

SS/SCIENCE

We started our Science unit on "Matter". The students worked on planning and conducting an investigation to describe and classify different kinds of materials by their observable properties.

Next Week: The students will continue to plan and conduct an investigation to describe and classify different kinds of materials by their observable properties.

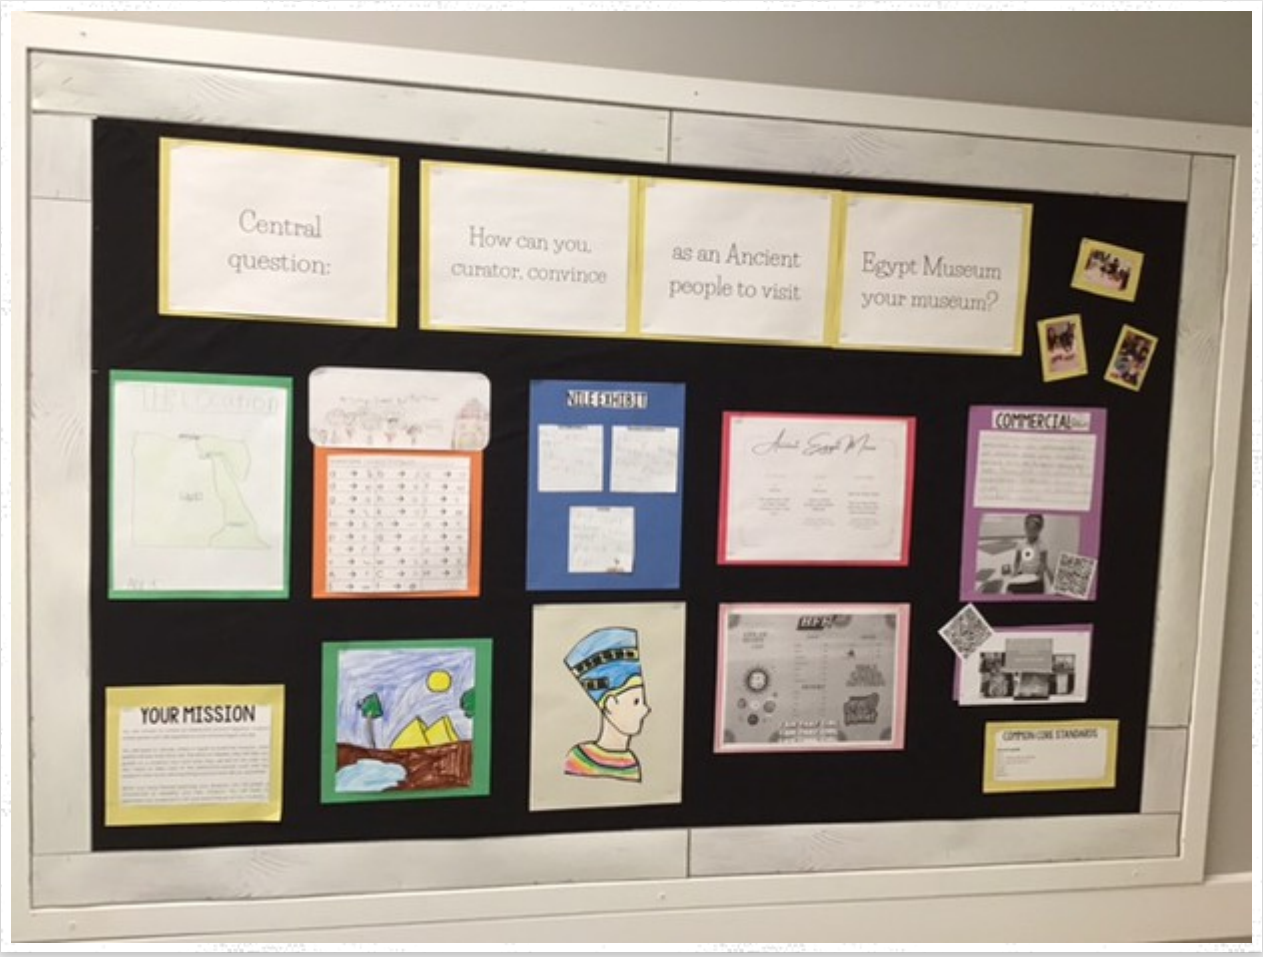


Scan the QR codes below to see student videos and work about Matter!

PROJECT BASED LEARNING

Our current PBL focus is on Ancient Egypt. The essential question is:
How can you, as an Ancient Egypt museum curator, convince people to visit your museum?

The students wrapped up their Ancient Egypt project! Check out the QR code for a video of one of our students reading their commercial script!



SOCIAL EMOTIONAL LEARNING

This week we began talking about our new Cheetah Fierce Trait of the month: Respect

Congratulations to our Cheetah Fierce winner for Kindness: London Cook!

FRIDAY FIVE– QUESTIONS TO ASK YOUR CHILD

1. Why is the setting of a story important?
2. What is a synonym for the word "feud"?
3. Ted's puzzle has 37 more pieces than his brother's puzzle. His brother's puzzle has 48 pieces. How many pieces does Ted's puzzle have?
4. What are the different states of matter?
5. What are some ways to show respect to yourself, other people, places, and things?

ANNOUNCEMENTS
