Fall 2026

A PLACE TO GROW:

Where learning continues beyond the school day

Our Before & After School Programs offer two flexible options to support your family's schedule while providing enriching experiences for your child. Both programs feature nutritious meals, dedicated staff, and safe, well-equipped facilities.

EXTENDED DAY

Our Extended Day program allows busy working families the flexibility to drop-off before school starts and pick-up after dismissal.

- **Hours:** 7:00am – 8:00am
4:00pm–6:00pm
- Nutritious snacks
- Dedicated, trained staff
- Safe, well-equipped facilities

CLUBS & ENRICHMENT

Our Clubs and Enrichment Programs allow your child to expand their interests and/or explore new passions. Combine with Extended Day or attend independently.

- **Hours:** Vary by Club
- Specialty-trained staff
- Special programs available

R.O.A.R.

RELATIONSHIPS • OPPORTUNITIES
ADVENTURE • RESPONSIBILITY

Students explore science, technology, engineering, art, and math through projects, experiments, and design challenges. Curiosity, questioning, and innovation are encouraged every day.

Robust outdoor play and structured games build teamwork, sportsmanship, and confidence. Students stay active, engaged, and energized through movement and hands-on experiences.

Students express themselves by participating in hands-on visual arts, including photography, videography, drawing, and painting. Students develop planning skills by working on long-term projects with their peers and can participate in group performances or discussions.

Social and emotional growth is nurtured through student and teacher led activities that promote a feeling of community and belonging. Students learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

Some students appreciate the chance for independent activities or study after a long day at school. We provide a quiet place to read, journal, or seek a quiet space.

POP-UPS

POP-UPS

What are they?

One-Time Experiences. Lasting Memories.

Pop-Ups are exciting one-time enrichment experiences designed to give students the chance to dive into something special without the commitment of a full session club. These unique clubs run for an extended block of time over just 1–2 days, allowing students to fully immerse themselves in hands-on activities, creativity, and fun. From seasonal celebrations to themed experiences, Pop-Ups are designed to create memorable moments and exciting opportunities for students to explore new interests.

Build Box

Hands-on Engineering

Crunch Labs

Students will dive into hands-on engineering and problem-solving during this exciting Crunch Labs Pop-Up experience. Using a real Crunch Labs Build Box, students will design, build, test, and improve interactive creations while exploring concepts in STEM, critical thinking, creativity, collaboration, and perseverance. This engaging experience encourages students to think like engineers as they experiment, troubleshoot, and bring their builds to life.

Club Reviews

Hear from students and parents about their favorite after-school experiences.

"The Show" with Mr. McCall is so much fun and we just get to play without pressure to win!" – Gavin, 4th Grade

"Science Explorers is my favorite! We did slime and germ experiments and it was so cool!" – Matilda, 1st Grade

"The Ozobot Club has been amazing for my son. He's learning coding and teamwork skills!" – Greg, Parent

"Soccer shots is real fun! We get a shirt and medal too!" – Ishaan, 1st Grade
